# ANALYSE IT SMARTER MODULE

Data driven decision making

BUSINESS INSIGHTS THAT ENABLE YOU TO EVEN BETTER UNDERSTAND AREAS OF IMPROVEMENT IN THE SUPPLY CHAIN

Sharing the right information with the right department at the right time, Analyse it Smarter saves time and money, improves efficiency, increases awareness and enables well-informed decision-making. This specific module enables you to meet the desired service objectives, to serve your clients better and to improve your market position.

Benefits

This module enables you to further optimize decision making within your organization.
A perfect solution if you wish to:

★ Increase profitability and decrease costs.

★ Drive operational excellence.

★ Increase customer satisfaction by improving delivery performance.

★ Integrate to, and gain insight from, third parties.

★ Improve efficiency within the shipping process.

★ Automate and unify reporting processes across multiple company locations.

Real time reporting

Analyse it Smarter brings every aspect of your shipment life cycle together in a single reporting platform. Based on your company requirements, you can choose the degree of depth in details of reporting which you can access through Analyse it Smarter dashboards, based on your shipping data.

> ShipitSmarter brings the newest intelligent programming available, enables business rules and supports rapid process deployment and redeployment to meet business and regulatory requirements. The big data generated can also be managed by Analyse it Smarter, transforming data into valuable information. ❞
